

Qicwave Pvt. Ltd. – Summer Internship -2025

Selection Process

Level 1: Case Study Round

Candidates will be evaluated based on their ability to analyze and solve a structured business problem.

Level 2: Technical Round

This round will assess the candidate's domain expertise, problem-solving approach, and technical skills relevant to the role.

Level 3: Managerial / HR Round

A combination of behavioral and situational questions to evaluate cultural fit, communication, and leadership potential.

Level 4: Final Case Study – Real-World Problem (Virtual Mode)

Shortlisted candidates will be given a real-world problem statement. They are expected to submit a detailed solution report within 7–10 days. This round is conducted entirely online.
